

FULL REGISTRATION AND BREEDING AGREEMENT

Before breeding one of our Aussies to another Aussie, we require that all four Health Tests be completed with CLEAR RESULTS on the other Aussie. You must agree to this and the other requirements listed below.

By your signature below you agree (1) to do all of these Health Tests before breeding any Aussie (2) to be a Responsible Breeder who is trying your best to eliminate the Hereditary Diseases in the Australian Shepherd Breed, (3) to produce healthy PUPPIES that are FREE of these Diseases.

\* HEALTH TESTS REQUIRED \* on the Sire and Dam before Breeding:

1) CEA = Collie Eye Anomaly = ( \$180 )

2) PRA = Progressive Retinal Atrophy = (\$195 )

\* Note \* OptiGen.com = 25% Discount for CEA & PRA (combination)

3) HSF4 = Hereditary Cataract Mutation = ( \$45 ) ( AnimalGenetics.us )

4) OFA = X-ray Exam certified by the Orthopedic Foundation For Animals to be free of Hip Dysplasia. (CERF Exam is also Recommended)

\* Note \* OFA must be completed on our Aussie (if not previously tested)

\* Note \* Other Requirement: Dam (female) must be at least 18 months old before Breeding her.
